The person competent in arboricultural assessment is:

Qualification

AQF Level: _____ in arboriculture Certificate No: _____
Course Provider: _____
OR
Equivalent Qualification _____ Certificate No: _____
Course Provider: _____

As the competent person I have:

1. carried out a thorough inspection of the tree to be pruned
2. determined the need for pruning
3. specified the current and subsequent pruning requirements
4. determined that the specified pruning will not adversely affect the tree
5. considered all applicable planning, heritage and protected species legislation in the context of the proposed pruning,
6. assessed each tree for hollows or other likely habitat and
 - found no evidence to warrant further assessment
 - have arranged for further assessment by an ecologist or wildlife specialist prior to pruning.

I recommend the specified pruning be carried out by a person suitably qualified and experienced in arboriculture with the minimum AQF level 2 in Arboriculture, and that the pruning be undertaken only in accordance with this specification.

Lopping, topping, wound painting and flush cutting shall not be undertaken and climbing spikes shall not be used except in order to assist in the aerial rescue of an injured person.

PTO
