INFORMATION ON THE TREE MANAGEMENT ORDER

Holroyd City Council recognises the environmental, aesthetic and amenity values that trees provide to our city. Council has therefore adopted a Tree Management Order to promote good tree management and the replanting of new trees to maintain these important values.

The Tree Management Order applies to the whole of the Holroyd Local Government Area and with some exceptions prohibits the removal of any trees with a height over 3.6 metres without Council's written consent. For the purpose of this Order, a tree is any woody and soft wooded perennial plant with a height of 3.6 metres or greater.

The Order promotes the correct pruning procedures as outlined in the Australian Standard AS 4373-2007 "Pruning of Amenity Trees" (obtainable from Standards Australia GPO Box 476 Sydney NSW 2001 Ph: 9237 6000 or www.standards.org.au)
